Devil's Night

FRIDAY 10.30.2026 · 9 PM – 2 AM · AUSTIN

ARTIST BRIEF FOR

IAMARIOLOGY B2B RAYMIXES

MMMM

WHAT MAKES US DIFFERENT

We do everything to the tee. Then we simulate it.

Before anyone walks in, we've already run the night: the room at real size, a 50-person crowd, the drink line, the bathroom queue, where the jams happen. Every number we plan with is labelled confirmed, estimate or open.

BOOTH LAYOUTS SIMULATED

To find a setup where people can stand behind you, Boiler Room style.

CROWDS PER FINALIST

Each top layout re-run with fresh crowds so the result isn't luck.

THE BRIEF

Build it. Don't peak it.

You're the first thing people hear. Take the room from people arriving with a drink to a full floor, then hand it to Glamz and on to HE//THEY warm, not spent.

01 **9:00–10:00** · arrivals. Groove first, room to talk. SUGGESTION

02 **10:00–11:00** · the floor fills. Lift the energy toward garage and house.

03 **11:00–12:15** · b3b with Glamz. We'd like to agree how you trade: track for track, or blocks.

04 **12:00** · the designed peak. Lights go red, the eyes come on. Want a say in that track?

05 **12:15** · hand off to HE//THEY. Their lane is UKG, hard house / electro and bass house, mostly 134–140 BPM.

Timings and handoffs are ours to agree together. Nothing here is a set list.
